

PATIENT HEARING CHECKLIST

Bay Area Audiology
State-of-the-Art Hearing Diagnosis & Solutions

Please check all items that apply to you:

- ☐ I am younger than 18 years old.
- ☐ I hear much better in one ear than in the other ear.
- ☐ In the last 6 months, I suddenly cannot hear out of one or both ears as well as I used to.
- ☐ I have ringing, roaring, or beeping in one or both of my ears.
- ☐ I have a history of taking medication that causes hearing loss.
- ☐ I have a history of chemotherapy and/or radiation in the head and neck region.
- ☐ In the last 6 months, I have noticed active drainage from one or both of my ears.
- ☐ I have constant pain or discomfort in one or both of my ears.
- ☐ I experience dizziness.

If you do not check any one of the boxes above, an OTC hearing aid may be right for you. It is best to always consult with an audiologist.

Reflect on your hearing in quiet and noisy environments, and check the column that best describes you:

This Best Describes Me	Quiet Environments	Noisy Environments
<input type="checkbox"/>	I have good to excellent hearing.	I have good hearing; I rarely have difficulty following/participating in a conversation.
<input type="checkbox"/>	I do not have problems hearing what people say.	I may have difficulty following/participating in a conversation.
<input type="checkbox"/>	I have difficulty hearing a normal voice.	I have difficulty hearing and participating in a conversation.
<input type="checkbox"/>	I can hear speech if it is loud speech.	I have great difficulty hearing and participating in a conversation.
<input type="checkbox"/>	I can hear loud speech if it is directly in my ear.	I have very great difficulty hearing and participating in a conversation.
<input type="checkbox"/>	I have great difficulty hearing.	I cannot hear any speech.
<input type="checkbox"/>	I cannot hear any speech or loud sound.	I cannot hear any speech or sound.

If you have selected an option above where writing is highlighted in red, an OTC hearing aid may not work for you. Consult with an audiologist.
